

# ***Snow & Ice Traversing Equipment [SITE]***

## ***Overview:***

**Snow and Ice Traversing Equipment (SITE)** is used by soldiers when their mission includes traversing ice- and snow- covered terrains, as well as ice-faced walls.

Below are the components that are required for SITE:

- **MIL-S-44377** dated 19 Oct 1989 Snowshoe Trail, Magnesium, Snow and Ice Traversing Equipment (SITE). Replaces NSN 8465-00- 965-2174.
- **A-A-52051** dated 12 Oct 1989 Binding, Ski, Alpine and Cross Country, Snow and Ice Traversing Equipment. Replaces NSN 8465-91- 281-4011, 8465-01-281-4012.
- **MIL-C-41824C** dated 28 Nov 1989 Climber's Ski, Snow and Ice Traversing Equipment (SITE). Replaces NSN 8465-00-985-7427.
- **MIL-G-44370** dated 12 May 1989 Gaiters, Snow and Ice Traversing Equipment (SITE). Does not replace existing NSN.
- **MIL-B-44374** dated 6 Sep 1989 Binding Assembly, Snow Shoes, Snow and Ice Traversing Equipment (SITE). Replaces NSN 8465-00-965-2175.
- **MIL-R-44375** dated 30 June 1989 Repair Kit, Ski, Snow and Ice Traversing Equipment (SITE). Replaces NSN 8465-01- 016-4207.
- **MIL-P-44376** dated 1 Aug 1989 Pole, Ski, Aluminum Shaft, Adjustable, Snow and Ice Traversing Equipment (SITE). Replaces NSN's 8465-00-357-8034, 8465-00-753-6145, 8465- 00-753-6145.
- **A-A-50117A** dated 21 Feb 1990 Crampons, Hinged. Currently in supply system as component of Special Operations Force Mountaineer-Mountaineering Equipment (SOFME).
- **A-A-50118** dated 21 Feb 1990 Straps, Crampons. Currently in supply systems as a component of SOFME.
- **MIL-S-44300** dated 8 Oct 1987 Ski, Military, All Terrain. Currently in supply system.
